ATLAS BP10000

The Atlas® BP-10000 commercial grade 2-post base plate lift is built for those customers who want to lift heavy vehicles in a low ceiling garage. The Atlas® BP-10000 incorporates the popular single point lock release. Columns have a middle welded support gusset that adds extra strength to the oversized columns. If you need to lift a one ton dually or a SMART CAR and only have an 11' ceiling, then this is the lift for your shop.

Features

- 10,000 lb. Capacity
- Dual Hydraulic Chain Drive Cylinders Made On ANSI Standard
- Single-Point Lock Release Allows Both Columns To Be Disengaged Simultaneously
- Super-Symmetric Arms
- Base Plate Design
- Welded Support Gussets Increase Column Strength
- Automatic Arm Restraints
- Power Coat Finish
- Free 12 Piece Truck Adapter Set
- 5-Year Structural, 2-Year Hydraulic Warranty

Specifications
