ATLAS OHX10000X

Automotive Equipment

The Atlas® OHX10000X two post commercial grade above ground lift is the perfect choice for those large commercial repair facilities. The Atlas® OHX10000X was engineered and manufactured to lift vehicles ranging from Smart Cars® to a one-ton diesel dually. Extra lifting height and extra width between the columns allows the operator to work on all sizes of vehicles

The Atlas® OHX10X incorporates a single piece 12' 7" formed column and an extra-long carriage that provides maximum column and arm strength to lift and support a 10,000 lb. vehicle. The single piece columns require the customer to have a ceiling of at least 13 feet to stand the column.

Features

- 10,000 lb. Capacity
- Commercial Grade
- Extra Tall & Extra Wide
- Overall height: 152" (12' 8")
- Symmetric arms
- Automatic Arm Restraints
- "Padded" Shut-Off Bar
- Rubber Covers on Carriages
